

NightRider warranties your watch's movement for one year from the date of purchase, and against defects in material or craftsmanship of parts for two years from the date of purchase. This warranty does not cover straps, crystals, cosmetic issues such as scratches, normal wear and tear, any damage arising from accidents, misuse, alteration, or for any case breach in an attempted service or repair performed by an unauthorized party. Due to the nature of silver, any solid sterling silver elements may be expected to tarnish over time and require periodic polishing.

Warranty repairs will be performed at no charge; you pay only the shipping cost.

We will also accept watches for out-of-warranty repairs; after we receive the watch, an inspection will be performed, and we will contact you with the estimated repair cost.

Please pack and seal your box securely, and ship to the address at the bottom of this form. We recommend that you ship your package with a carrier that will provide a tracking number. Insuring your parcel and adequately protecting it during shipment is highly recommended. NightRider is not responsible for product lost or damaged during shipment. For security purposes **do not** write the word JEWELRY anywhere on your package. Once received, your watch will be processed and shipped back to you as soon as possible. Our customer service department will contact you (using the information below) when your watch is ready to be returned and to process your payment for return shipping.

Please take a moment to fill out this form and place it in the box with your watch. We recommend you keep a copy of this form for your records.
