### WATCH SERVICE FORM

NightRider watches are warranted against factory defects for a period of two years from date of purchase. Damage resulting from incorrect use or poor treatment, as well as wear and tear resulting from use, is excluded. Warranty repairs will be performed at no charge; you pay only the shipping cost. We will accept watches for out-of-warranty repairs; after we receive the watch, an inspection will be performed and we will contact you with the estimated repair cost.

Using the address below, pack and seal your box securely. We recommend that you ship your package with a carrier who will provide a tracking number and for security purposes do not write the word **JEWELRY** anywhere on your package. Once received, your watch will be processed and shipped back to you as soon as possible. Our customer service department will contact you (using the information below) when your watch is ready to be returned to process your payment for shipping.

Please take a moment to fill out this form and place it in the box with your watch. We recommend you keep a copy of this form for your records.
